REF	MEASUREMENT	4Y	6Y	8Y	10Y	12Y	14Y	16Y								
A	1/2 CHEST (cm)	34	37	40	43	46	49	52								
B	CENTRE BACK LENGTH (cm)	44	48	52	56	60	64	66								

All measurements are in centimetres (cm), with a tolerance of +/- 1.5cm

Please note that these measurements refer to the size of the garment, not the person wearing it.

To determine your measurements, we recommend measuring a similar garment that you already own and that fits you well by laying it on a flat surface and comparing the respective measurements. For reference, half chest measurements refer to armpit-to-armpit, across the front of the garment laid out onto a flat surface.
